**Toys.** To-day we open our big Toy Room on 4th floor. Many new toys, European and American make; mechanical toys, most wonderful little bits of machinery; and, as all you children know, Santa Claus will be here for a day from 9 in the morning till 6 in the evening in the Grand avenue window. But of course, Santa Claus, like other mortal men, must eat—so from 12 noon till 2 o'clock he will lunch and take a nap, for such a jolly good fellow as Santa must sleep and eat. He will open his workshop in Grand avenue windows and show the children how he makes toys. Parents will remember that last February we bought the L. H. Fielding stock of holiday stuff at about 40c on the dollar. We packed this entire stock up, sent it to our warehouses, and now offer it at the lowest prices ever known for Toys and Dolls at the opening of the Toy season.

NOTICE—All Toys or Holiday Goods bought of us will be stored free of charge and delivered Saturday, December 2nd—so you better make your selection early while the stock is at its best. Nothing will be duplicated after once sold.
